Education

Graphic Era Hill University

Bachelor of Technology in Computer Science & Engineering 2024 – Present

Uttarakhand

CGPA: 8.64

Siddhartha Public School

Class XII 2022-2024

Delhi

Score: 81.6%

Technical Skills

Languages: C, C++, Java, JavaScript, SQL

BackEnd / Databases: Node.js, MySQL, PostgreSQL

FrontEnd: HTML, CSS

Tools: Git, GitHub, Docker, VSCode, IntelliJ, Linux, Bash

Coursework: Data Structures & Algorithms, Object Oriented Programming, Operating Systems, Multithreading, Machine Learning

Projects

CodeUs | A Game (React, Node.js, Socket.IO, Redis, PostgreSQL, Docker and more)

April 2026 – Present

- Built a real-time browser-based multiplayer coding game inspired by Among Us.
- 4 players collaborate on completing coding challenges while one imposter tries to sabotage the solution.
- Implemented a shared live code editor with multi-user cursors, real-time activity tracking.
- Designed the system using WebSockets and Docker-based sandboxing for secure code execution.

Distributed File Transfer System (C++, Compression Algorithms, VSCode, TCP Sockets)

Jan 2026 – March 2026

- Built a distributed file transfer system with self-implemented file compressor using LZW Compression Algorithm and networking concepts.
- Structured into 3 major modules: Connectivity, Compression and File Handling.
- Successfully implemented connectivity between 2 devices on the same LAN or localhost to transfer files faster and efficiently.
- Achieved 60% reduction in file size for typical text files before transmission.

User-Level Thread Library (C, VSCode, Context Switching, Multithreading)

Dec 2025 – March 2026

- Implemented a preemptive user-level Thread Library in c with 8+ core threading functions like signals, Ucontext, setitimer() and more.
- Implemented a process scheduler from scratch following the Round Robin scheduler format along.
- Tested mylibrary with the pthread library against a 1M element benchmark and calculated 35% improvement in runtime.

Achievements

- Solved 400+ problems in [LeetCode](#) and [CodeForces](#).
- 1600+ rated in contests in LeetCode.
- Led the Team in Smart India Hackathon and got selected out of 300 teams.
- Got Second place in a University Level Debate Competition (Debathon).
